**Subject:** Microsoft settlement

Dear Sir/Ms,

I have found Microsoft's products to be excellent over the years - and would favor allowing them to advance the field of computing without government interference. Please stop using my tax dollars against this company that has helped to change the world in a positive manner. Please cease and desist from further legal actions against Microsoft. I believe it has had a deleterious effect not only on the computing world but also on our US economy.

You have my vote. Please get this settled and allow the company to continue its innovations.

Sincerely,

=====
